### Data Management:

MySQL

### Platforms:

Windows

## CERTIFICATIONS

- Python Programming Course | CodeTantra |
- Java Programming Course | CodeTantra |

## EXTRA CURRICULAR ACTIVITIES

- Excelled in various sports such as chess, running, kabaddi and cricket
- Won medals in school and college competitions

## PROJECTS

### Student Management System

- Domain: Web Application Programming Languages: Java, HTML, JavaScript, Spring Boot  
Developed a full stack application to manage students, instructors and courses for a college. Used HTML, JavaScript and Bootstrap for the frontend and Spring Boot for the backend with basic access authentication. Used MySQL database for persistence storage.

### Online Voting System

- Domain: Python  
Developed an online voting system in Python as a mini project.

### Restaurant Website

- Domain: HTML, JavaScript and CSS  
Created a website for a restaurant using HTML, JavaScript and CSS.

## ACHIEVEMENTS

I completed a Python and Java course from CodeTantra, an online platform for learning programming languages. The course taught me the fundamentals and advanced topics of both languages, and how to solve real-world problems using them. I earned a certificate from CodeTantra that shows my proficiency in Python and Java.

I have developed analytical thinking and verbal ability skills through online learning platforms codetantra and myperfectice, where I have reached level 5 in both domains.
